Flights and Airport:

Cyprus has 2 international airports. The Larnaca International Airport and the Paphos Airport. Nicosia is only a 40 minute drive (50km) (also bus available) from the Larnaca Airport, whereas distance between Nicosia and the Paphos Airport is about 140 km (1.5 hour also with bus availability). Thus, for most of you it would make sense to arrive in Larnaca. It is also important to point out that due to the standing political problems between Cyprus and Turkey, flights that arrive in Cyprus at the Erkan airport via Turkey are problematic since Erkan is not considered to be a legal port of entry to the Republic of Cyprus.

Transportation from the Larnaca or Paphos airports to Nicosia

- Travel Express taxi services <http://www.travelexpress.com.cy/en-us/>
It provides the ability for online booking which must be done at least 48 hours in advance.
 - Airport Intercity Shared taxi
 - Private taxi
- Kapnos Airport Shuttle: <https://www.kapnosairportshuttle.com/> (it will drop you at Kapnos headquarters in Nicosia and from there you need to take a taxi)
- Private Taxi from the airport
